

## **Libby Sandberg**

### **Project Manager/Executive Support**

Libby Sandberg serves as Project Manager and Executive Support for BLG, a HealthStream® Company. Libby is an integral part of the Leadership team spearheading and coordinating logistics for Practice Leaders as well as managing companywide events, project planning corporate business outreaches and partnerships; and manages the BLG online store. Libby's expertise in customer service and organization supports the entire practice's mission to help health care organizations improve the quality of the patient experience.

As an employee of Baptist Health Care for 10 years, Libby has lived the Baptist model of Cultural Transformation focusing on putting the patient first, every time. In her various roles at BHC Libby has brought focus to the patient experience through providing leadership in improving departmental processes and serving on patient satisfaction service teams.

Libby holds a Bachelor of Science degree from University of West Florida.
